Your Growth, Our Strategy

**INNOVATIVE PREFAB
SOLUTIONS FOR A
SMARTER FUTURE**

ABOUT US:

MATHIEU KONSTRUCT SOLUTIONS CO.LTD.

Since 2019, Mathieu Konstruct Solutions Co.Ltd. has built a strong foundation as a General Contractor. Today, we lead in prefabricated unit solutions, combining speed, quality, and innovation to meet modern construction demands.

WHAT WE DO:

We deliver ready-to-install prefabricated structures that save time, reduce costs, and maintain high-quality standards—perfect for modern construction needs.

VISION

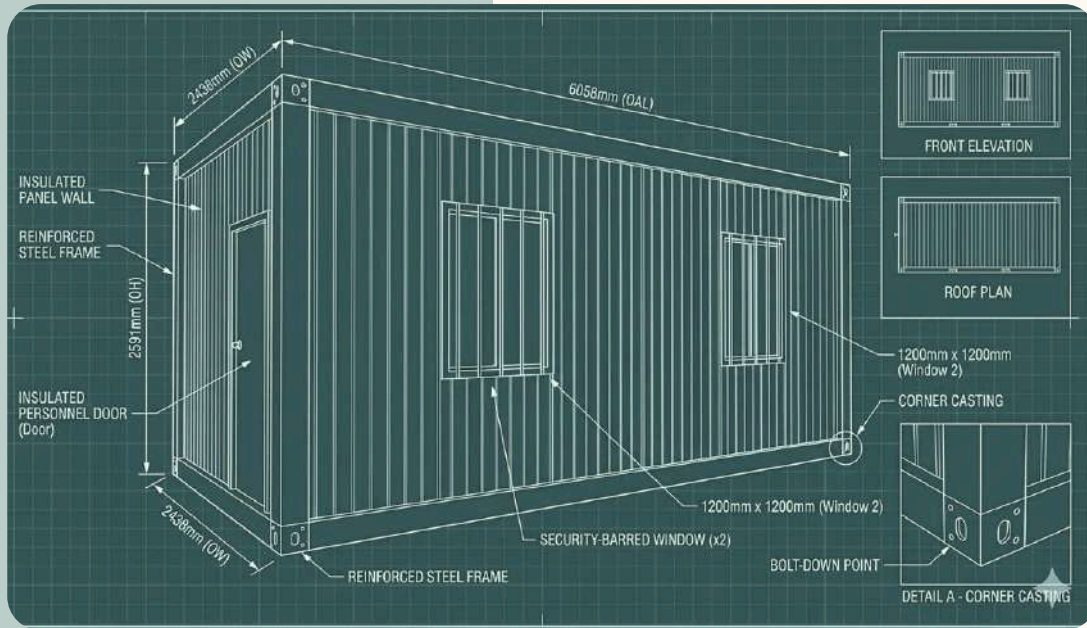

To be recognized as a competent and reliable contractor in both conventional and prefabricated construction sectors.

Transforming spaces through intelligent modular engineering.

MISSION

To provide compliant, efficient, and high-quality construction services using modern building technologies.

To define the future of sustainable living through modular design solutions.

OUR SERVICES:

BUILD

WHAT IS PREFAB?

**HIGHLY FLEXIBLE DESIGN
AND BUILT TO LAST.**

**EASY TO MOVE OR
TAKE APART
WHEN NEEDED.**

**COST
EFFECTIVE**

**FULLY EQUIPPED
AND MOVE-IN
READY.**

**1 DAY
ASSEMBLY**

**ACHIEVES OVER 50%
REDUCTION IN ON-SITE
ASSEMBLY AND
INSTALLATION TIME.**

**BETTER
INSULATION**

OUR PRODUCT

ENGINEERING CONTAINER HOUSE

Meeting the mass production and construction needs of medium to large-scale engineering projects.

CUSTOMIZED CONTAINER HOUSE

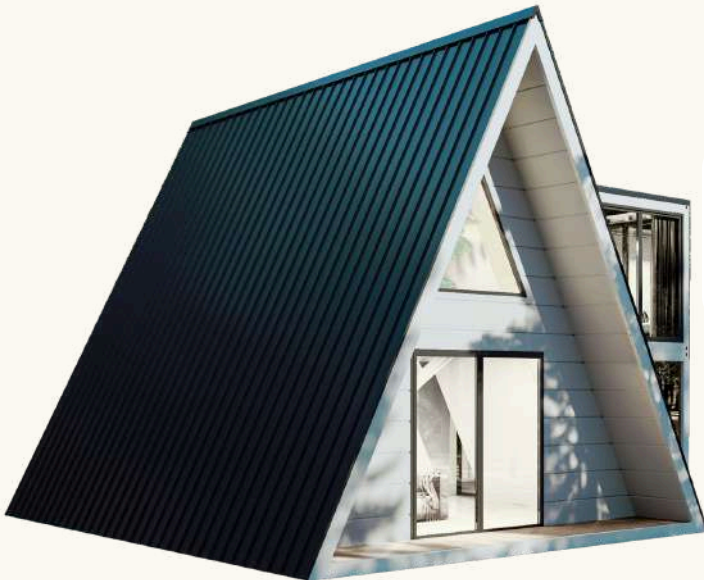

Realize any of your custom ideas, freely combine and match.

1-DAY QUICK BUILD HOUSES

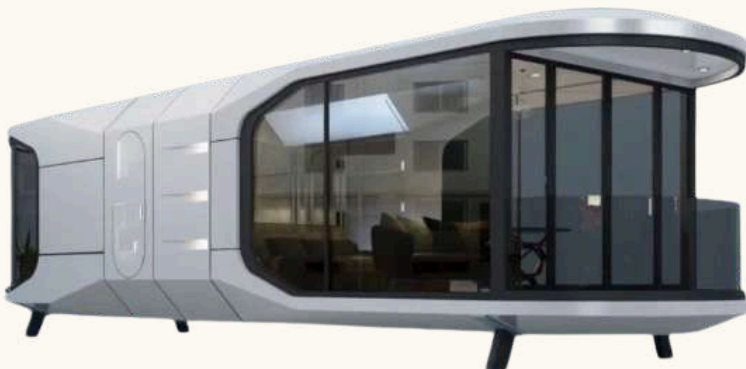

You can own a house
in as little as one day.

A-FRAME HOUSE

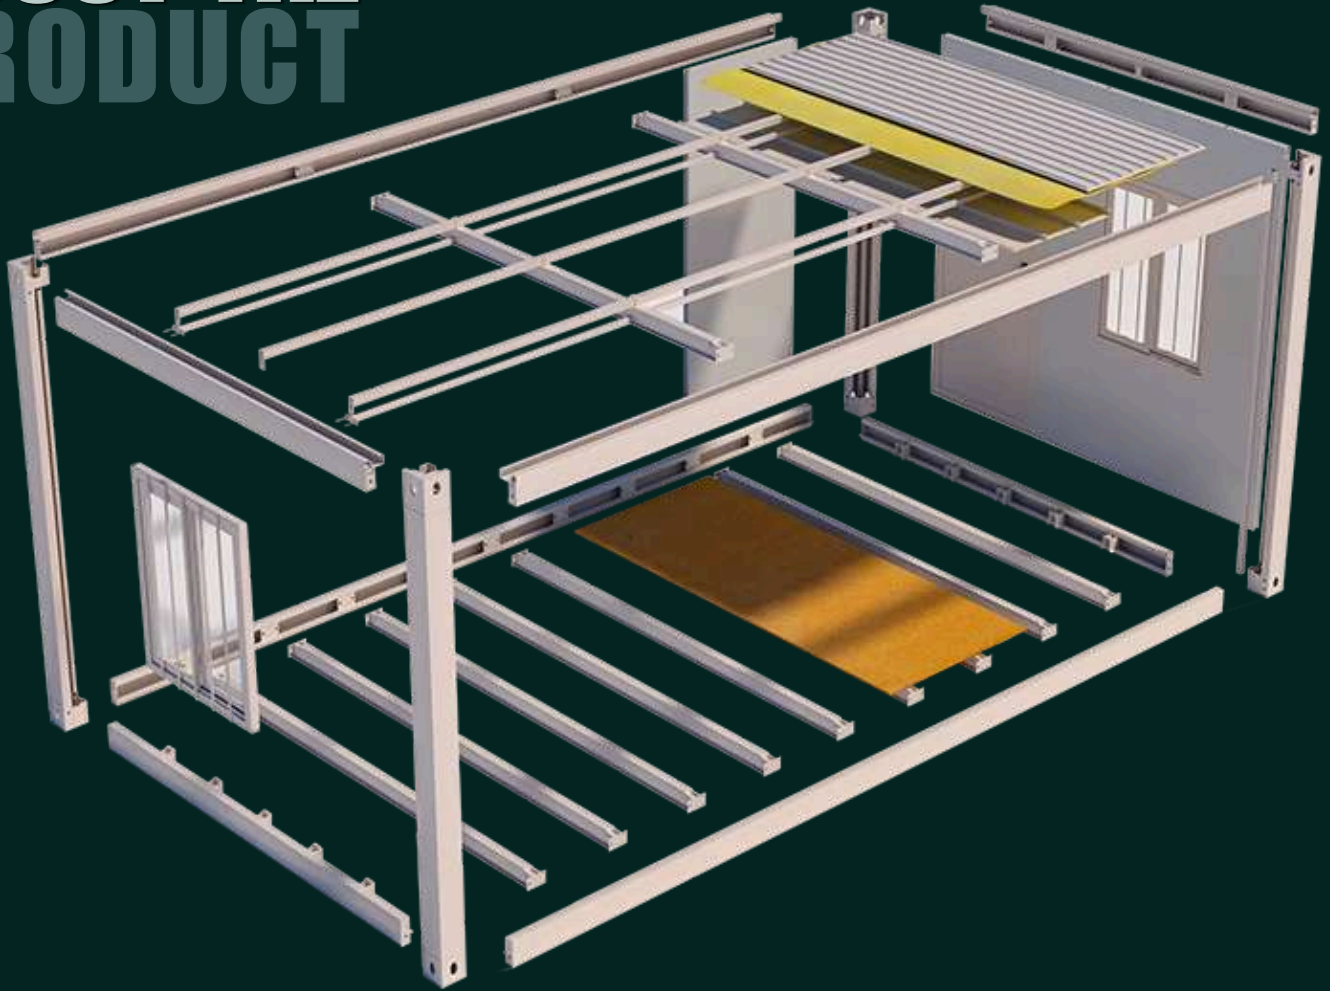

Excellent drainage and an
attractive vacation home

SPACE CAPSULE HOUSE

Living, working, and leisure,
the multifunctional space
capsule house meets all your
needs.

ABOUT THE PRODUCT

✓ EXTERNAL SIZE

- L5950 X W3000 X H2850mm
- 18 SQM / 200 SQFT

✓ INTERNAL SIZE

- L5730 X W2780 X H2500mm

✓ COLUMNS AND BEAMS

- 2.3 mm THICK
- GALVANIZED STEEL
- POWDER COATED (RUST PROOF)

✓ WALLBOARD

- EPS BOARD MATERIAL (MOISTURE FREE)
- INSULATED/ TERMITE FREE
- 50 mm THICK

✓ DOOR

- FIREPROOF STEEL DOOR
- 920mm X 2035 mm

✓ WINDOWS

- TEMPERED GLASS WINDOW WITH GRILLS
- 950 x 1100 mm

✓ FLOOR

- FIBER CEMENT FLOOR (MOISTURE RESISTANT)
- 18 mm THICK

✓ ROOF

- GALVANIZED COLOR ROOF (RUST PROOF)
- 0.56 MM THICK
- GLASS WOOL INSULATED

PRODUCT DISPLAY FEATURE DETAILS

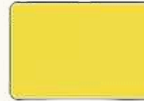

CUSTOMIZE A VARIETY OF OPTIONS ACCORDING TO YOUR NEEDS

CONTAINER SIZE

SPRAY COLOR

More ...

WALL PANEL

PU

PU (POLYURETHANE): KNOWN FOR ITS SUPERIOR THERMAL INSULATION AND HIGH STRUCTURAL STRENGTH-TO-WEIGHT RATIO.

Glass wool

GLASS WOOL: MADE FROM GLASS FIBERS, IT IS LIGHTWEIGHT, FIRE-RESISTANT, AND PROVIDES EFFECTIVE THERMAL AND ACOUSTIC INSULATION.

Rock wool

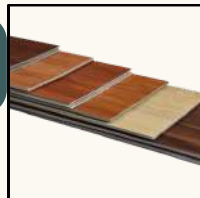

ROCKWOOL: A NON-COMBUSTIBLE MATERIAL MADE FROM VOLCANIC ROCK, OFFERING THE BEST FIRE RESISTANCE AND EXCELLENT SOUND ABSORPTION.

EPS

EPS (EXPANDED POLYSTYRENE): A LIGHTWEIGHT AND COST-EFFECTIVE OPTION THAT PROVIDES GOOD MOISTURE RESISTANCE AND DECENT INSULATION.

DECORATIVE FLOOR & WALL

ADDITIONAL OPTIONS:

TOILET & BATH, BASIC ELECTRICAL,
INTERIOR PARTITIONS,

SPACES THAT FIT ANYWHERE

**TEMPORARY
HOUSING**

**VACATIONS
HOME/ AIRBNB**

RESORTS

**SITE OFFICES/
STAFF HOUSING**

**COMMERCIAL
SHOPS/ KIOSK**

**GLAMPING/
CAMP SITE**
